

Opening and introductory remarks

Antti Paananen
Deputy Director General
Energy Authority, Finland

Practical guidance for this webinar

- You may send written questions and comments by using chat function during presentations
 - Received questions and comments are answered after each presentation
 - In case, we do not have enough time to go through all questions, NordREG tries to provide written answers in NordREG's webpage
- Webinar will be recorded
 - All presentations and a link to the recording will become available on NordREG's webpage after this seminar (<https://www.nordicenergyregulators.org/news/>)
 - Recording will be available 6 months

Topics on the table of Nordic NRAs

- Monitoring the implementation of DA/ID CCM in CCR Nordic
- Assessment of hedging opportunities in bidding zone borders according to art 30 of FCA GL
- Coordination in national approvals of 15min ISP derogation requests
- Assessment and approval of TSOs' proposal to establish the Nordic RCC
- Guidance letter to Nordic TSOs regarding the go-live of the aFRR capacity market after the ACER's Decisions 19-22/2020
- Monitoring of the implementation of Nordic Balancing Model (NBM)
